RIOT AMONG MINERS

Turbulent State of Affairs in Tennessee.

STATE TROOPS CALLED OUT.

Three Companies Find It Impossible to Cope With the Mob, and Then the Entire State Militia are Ordered to the Scene of Disorder.

KNOXVILLE, Tenn., July 21.—The crisis in the trouble between the ousted miners in this district and the convicts who were brought here from the state prison at Nashville, has at last been reached. When about four hundred armed strikers attacked the guards who had charge of about fifty felons at Briceville last Wednesday and liberated their charges, it was confidently predicted that this would be but the beginning of a general movement throughout the entire mining district throughout the state.

Governor Buchanan was immediately notified and responded by ordering two companies from Chattanooga and one from Knoxville to the scene. Of the fifty convicts taken from the guards at Briceville, two escaped and the others were brought to this city. When the militia arrived they took the convicts along back with them and warned them that they would protect them at all hazards.

Governor Buchanan at once proceeded to the seat of trouble, and in a neat speech explained his position to the rebellious miners. He told them that it was his sworn duty to uphold the law, and if the convict lease system was wrong he was not to blame, and that the only recourse of the men was through the legislature.

The miners announced that their families were starving and that they were compelled to drive out the convicts if it cost the life of every man in the valley. They made all sorts of fun of the handful of beardless youths, but declared they would not harm the "spider-legged, cigarette-smoking dudes," as they characterized the militia, but as soon as the militia were withdrawn they would release every convict in the region. Becoming impatient, however, at the delay in recalling the troops, they decided to try to overcome the troops by force of numbers and succeeded only too well.

At 10 o'clock yesterday morning 2,000 miners, farmers and other natives who have no occupation at all took possession of the hills around the Briceville camp. Fifteen hundred of these were armed with rifles, the rest with shotguns and pistols. They came from all the mines in a radius of fifty miles. The organization was complete and their leaders placed them along the hillsides with military precision.

At the call to arms the little garrison turned out gallantly and prepared for defense. It was apparent, at a glance, that a fight would result in a massacre. A meeting of the officers was called. Some declared that a stout resistance to the first attack would be sufficient and the mob would withdraw. Others thought that it would be suicidal, yet every one was in favor of doing his duty, notwithstanding the exposed position they were to defend.

The miners called a parley and were met on neutral ground by Colonel Seiver. They stated that they had sufficient force to overwhelm the soldiers, but did not care to shed blood if the convicts were quietly turned over to them. This request was emphatically refused. The miners then asked Colonel Seiver if he would remove his troops and take the convicts with him. He asked what would be done to the mining company's property, which was also under his protection. They replied that it would not be injured.

He also asked that if an attack would be made on the Knoxville iron company's stockade just below Briceville. If such was intended he intended to fall back there and fight it out regardless of consequences. The leader replied that no attack would be made.

The troops then marched out of camp, carrying with them the convicts, all their commissary supplies and baggage. They marched to Briceville and there took the train to Knoxville.

After the troops and convicts had been placed on the train, the mob went to the mines of the Knoxville iron company and surrounded the stockade and captured the 125 convicts there with the guards. They were shipped away to Knoxville and arrived here about 5:30 o'clock. All convicts are now here in an old building under guard.

A call of some labor leaders has been issued for a labor meeting here tonight.

It is reported here that the miners at Oliver Springs have released the 130 convicts, but this report has not been verified.

The excitement here is intense. Streets are crowded and a diversity of opinion is heard. Many of the labor men say the miners have done right.

It is known that the leaders of the mob were not miners, either last week or yesterday. Eugene Merritt led in each instance. He is a small merchant at Briceville, but is said to be a determined man. He spoke in reply to Governor Buchanan last week and really treated the governor with indignity. Other leaders are known, and the sentiment here is that they must be arrested and taken to Nashville, as the law provides, and punished.

The miners have appointed a committee to say what dispatches shall be sent out and what shall not, and this committee, or some of it, is in the telegraph office all the time and read all the matter sent out by the newspaper men. The committee, whether self-appointed or under the miners' organization, told the operator on duty at the key that if he did not let them read the messages they would cut the wires.

A report comes from Coal Creek saying the miners declare that no troops can be landed there. There are threats

that they will wreck the trains or burn railroad bridges.

The State's Entire Military Called Out.

NASHVILLE, July 21.—Governor Buchanan, who has been guided by the utmost caution since the miners' troubles began, has decided to call out the entire military of the state, and for that purpose he has telegraphed each company, and instructed General J. L. Weakley to arrange railroad transportation for them. Each company was ordered to secure three days' rations. Tents and blankets were issued from the Capitol and sent down by the special train.

The train pulled out at 6 o'clock with three Nashville companies, a Springfield company and one from Franklin, and they will pick up along the line companies from Murfreesboro, Shelbyville, Paducah and Swanee, Clarksville and Lebanon companies passed through later, and four companies from Memphis and one from Jackson are also en route on another special train. There are fourteen companies in all, comprising 450 men, and 100 will be taken on at Chattanooga.

Each company was provided with 2,000 rounds of ball cartridges, while the Washington light artillery takes two improved Gatling guns firing 1,350 times per minute, with 10,000 rounds of cartridges for each gun.

After the troops had started Governor Buchanan ordered the military to wait at Knoxville pending further instructions. This is done because he desires to have Attorney General Pickett's opinion as to his authority to quell the troubles independent of the Anderson county official.

Sheriff Rutherford, of Anderson county, has denied that he has called for the assistance of troops and says he don't want any troops and did not want any. It is reported here that he has left the county to keep out of any further connection with the trouble. As a matter of fact he summoned the first companies sent to Briceville as a posse comitatus. Under the law it looks as if the state can only interfere in case county officials call for their service—in other words, the military can only be used under civil authority, and it is this question that the governor desires Attorney General Pickett to consider.

ACCIDENT ON THE BALL FIELD.

"Hub" Collins Fatally Injured and Tom Burns Seriously Hurt.

BROOKLYN, July 21.—A shocking accident occurred during the base ball game between the Brooklyn and New York National League teams yesterday afternoon, which will probably result in the death of "Hub" Collins, the well known second baseman of the Brooklyn team. He and right fielder Tom Burns started for a short fly ball hit to right field. While running at full speed the men collided and both were rendered unconscious. Both men were frightfully cut about the face, and blood was spurting from Collins' mouth and ears.

Physicians were soon in attendance, who, after an examination, announced that the men were suffering from concussion of the brain and that Collins was likely to die. The men were removed to their homes. Burns, who was not so badly hurt as his companion, recovered consciousness about an hour after the accident. When he opened his eyes he shivered like an aspen and bled from the nose and mouth. The doctors think he will recover. Collins is still unconscious. His condition is very critical.

AGAINST GOMPERS.

He Has Held Office Long Enough, Says Chicago Laborites.

CHICAGO, July 21.—At a meeting of the Trades and Labor assembly, representing the various trades unions of the city, delegates decided to ask all affiliated labor organizations to refuse to endorse Samuel Gompers, president of the American Federation of Labor, as candidate for the office of president at the next national convention. Gompers resides in New York and has been president for the last eight years.

They express the opinion that the president has lost touch with the labor movement during his prolonged tenure in office. They will press for an amendment to the constitution limiting the office holding ability of any one man to three consecutive terms at the outside.

Mining Shafts Burning.

MAQUETTE, Mich., July 21.—Fire started in No. 5 shaft house of the Great Republic iron mine at 1 o'clock this morning. The surface fire was soon extinguished, but not before it had communicated to the lumbering of Nos. 5 and 6 shafts, which are now burning fiercely. The fire is spreading underground and part of No. 5 shaft has already caved in. The night shift men escaped by another shaft. The Republic employees nearly one thousand men, and when the fire can be put out and work resumed is not known. The loss will be enormous.

Heavy Failure in Millinery Goods.

CINCINNATI, July 21.—At 3:30 p. m. Monday Thompson, Stewart and Company, the Fourth street milliners, assigned to Thomas McLure. The assets are \$50,000 and the liabilities \$70,000. The cause of the failure was the late spring season, bad debts, slow collections and high expenses. The firm has had trouble before, and in a little different form went up about six years ago. The firm had lately moved to 187 and 189 West Fourth street, in the new building opposite the Methodist Book Concern.

Battle at Coquimbo Expected.

LIQUEU, July 21.—A dispatch received here from Coquimbo states the insurgent fleet, composed of the Esmeralda, the Cochrane, the Amazonas and the Aconcagua, had arrived off Coquimbo bay on Saturday morning, and that an attack on the town was expected hourly. The city has a population of about eight thousand, and the Balmacedista troops are making all preparations for a hot contest with the insurgents.

MAMMOTH PROTEST.

Efforts Being Made to Stop the Hall-Fitzsimmons Fight.

APPEALING TO THE GOVERNOR.

Five Thousand People Call at the State Capital with a Memorial to Minnesota's Chief Executive—Hall Axiomatic for the Fray.

ST. PAUL, July 21.—The mass meeting last night to protest against the Hall-Fitzsimmons fight Wednesday night was attended by over five thousand people. Archbishop Ireland was the chief speaker of the evening, and he arranged the prize ring and its "lawlessness and vulgar animalism," and the municipal authorities for permitting the exhibition. Ex-United States Senator McMillan and Rev. W. H. Buttrick, of the First Baptist church, were the other speakers, and were even more severe than was the archbishop.

Toward the close of the meeting a memorial was presented calling on the governor to interfere and prevent the fight, in view of Mayor Smith's refusal to do so. It was proposed to present the memorial today, but the crowd would have no delay. With shouts of "Present it now!" it was decided to carry the matter before Governor Merriam at once, and the entire 5,000 people went en masse to the state capitol for that purpose. A committee was sent to summon Governor Merriam from his residence to receive the memorial. The governor told the committee that he could not address such a great crowd, but would receive the memorial in the morning.

Yesterday afternoon a complaint was filed and a warrant issued for the arrest of Fitzsimmons, one of the principals in the coming fight. It was sworn out by William P. Landon. The fact was at once telegraphed to White Bear and Fitzsimmons and his trainer are now in hiding.

A host of people from all parts of the country are constantly arriving to witness the fight, and it is fully expected that the seating capacity of the big amphitheatre will soon be sold. The management have no fears that the fight will not take place.

Hall Axiomatic for the Fray.

BELOIT, Wis., July 21.—Jim Hall boarded a train for St. Paul yesterday in a happy and hopeful frame of mind. He says he is sure he is going to beat Fitzsimmons. His exercising is over. He says he is as anxious to whip "Fitz." as he is to win the prize. John Kline has been chosen as one of his seconds.

Long Suffering from Lockjaw.

MORRISTOWN, Ind., July 21.—Two weeks ago George Vanskoik jumped from a buggy while his horse was running away, breaking his ankle and the bone above it. The foot was almost off, but an effort was made to save it. Lockjaw, however, set in ten days ago. Amputation was had on Friday last, but his death occurred yesterday. The case is somewhat remarkable from the fact that he suffered with lockjaw so long before death, for five days is usually the limit. The deceased was chancellor commander of the Pythian lodge of this place.

Will Oppose the Printers.

CINCINNATI, July 21.—The executive committee of the United Typotheta of America has concluded its session at the Gibson House. Every member of the committee was present. It was unanimously agreed by the committee that the United Typotheta of America advise the most determined opposition to any attempt at this time to shorten the hours of labor. It was also the unanimous opinion of the committee that it was unnecessary to change the date of the annual meeting to be held in this city in October next.

Sunday Night Riot in a Saloon.

FINDLAY, O., July 21.—During a row Sunday night between John Dummery, a saloon keeper, and three Armenians who were seeking admission to his place, George Gorgerdian received a painful flesh wound from a revolver, and Dummery was seriously injured from a blow with a club. Yesterday morning Dummery was arrested charged with shooting with intent to kill.

To be Tested in Taxes.

INDIANAPOLIS, July 21.—It developed here yesterday that the experiments in rain-making to be soon undertaken by the government, will be made at least by a part of the expedition at Midland, Tex., within the Llano Estacado lands. The particular locality being the grazing lands owned by Morris, the Chicago beef packer.

Oldest Person Dead.

INDIANAPOLIS, July 21.—Sarah Davis, a colored woman, was buried in this city yesterday. She was probably the oldest woman in the United States. Her death return shows her to have reached the age of 133 years. It is authoritatively known that she was 115.

Texas Bank Closes.

FORT WORTH, July 21.—The Merchants' National bank of this city closed its doors Monday morning. The amount of assets and liabilities are not stated as yet. The bank had been in trouble for some time and the suspension was not unexpected.

Publisher Assigns.

NEW YORK, July 21.—C. L. Riker, publisher, No. 101 Park Place, has made an assignment with preferences. The secured liabilities are about \$50,000 and the unsecured about \$5,000.

Death Sentence Commuted.

CAPE MAY, July 21.—President Harrison has commuted the death sentence of Edward Belden, of Kansas, to imprisonment for life.

WILL SUE THE NAVY DEPARTMENT

A Sailor Who Claims \$25,000 Damages for False Imprisonment.

NEW YORK, July 21.—The navy department will shortly have a lawsuit on its hands. William McNair, of Boston, a seaman, through his counsel, General Benjamin F. Butler, will sue the department for \$25,000 damages for false imprisonment.

McNair's story, if true, shows a flagrant abuse of authority on the part of the officers of the White squadron, of which Admiral Walker is chief in command. It seems that during the recent visit of the squadron to Boston, numerous desertions occurred and strenuous efforts were made by the officers of the fleet to capture the offenders.

McNair, who was a seaman on board Charles Paine's yacht Volunteer, was enjoying himself on shore on July 13. He wore the uniform in which the sailors of the Volunteer were clothed, which happens to be in many respects similar to that worn in the United States navy. This caused him to be arrested no less than five times as a deserter. On the first four occasions he was released after a brief period, but the fifth time he was held and taken to New York.

Before his departure he told the officers who he was and where he was employed and asked that persons be sent for to identify him. The officers, however, treated his case in a high handed manner, and brought him to New York against his vigorous protest and without giving him any chance whatever to prove his identity.

On his arrival here he was taken from one ship to another of the fleet, but no one could identify him as missing from any of the crews. He was finally taken to the Chicago, where he was confined until Monday, when he was released. He left for home Monday night and will put his case in the hands of General Butler.

NEARLY HALF A MILLION.

Scared Bank Officials Greatly Increase the Tax Duplicate.

INDIANAPOLIS, July 21.—Attorney General Smith received a letter yesterday from the prosecutor at Lawrenceburg regarding the action of the board of review towards the banks that refused to state the several amounts which their depositors had on hand at the beginning of the assessment year.

When the attorney general's opinion was received, the board summoned the officers of the banks and, under threats of sending them to jail, secured statements of deposits showing that \$200,000 had been withheld from the assessors. This sum, together with 50 per cent. additional as penalty was placed upon the tax duplicate, making a total of \$450,000 as a result of the investigation.

A PIER COLLAPSES.

Nearly One Hundred People Take an Unexpected Bath at Coney Island.

NEW YORK, July 21.—A pier attached to Sprague's dancing pavilion at Coney Island collapsed at 5 o'clock Sunday afternoon precipitating eighty or ninety persons into the surf. It was high tide at the time and an angry surf lashed the spiles. Intense excitement prevailed, but all were rescued from drowning. Several women were taken out of the water unconscious, while a number of men received serious injuries.

Progress of the Elliott Argument.

COLUMBUS, O., July 21.—It is feared that Hon. George L. Converse will be too ill to make his argument in the Elliott case. Constant confinement in a poorly ventilated court house has so weakened him that court adjourned yesterday morning pending advice of Converse's physician as to whether his condition was such as to stand the effort of a long argument. The case will probably go to the jury Wednesday night or Thursday. Opinions as the verdict differ, but it is thought that Elliott will not be acquitted and that the jury will either disagree or find for manslaughter.

A Little Ball of Hair.

ECKREY, Ind., July 21.—Albert James has been an invalid for a long time from an unknown internal ailment, and yesterday he underwent a surgical operation, which showed that the trouble was an accumulation of short hairs in one of his intestines. The cause is supposed to be mislabeled milk, which he had been in the habit of freely drinking at the barn every milking time for years. The obstruction was in the form of a ball, and as hard as wood.

Lobbyist Suing State Senators.

SAN FRANCISCO, July 21.—The case of George Taylor against twenty-four state senators, for \$5,000 which he claims is due him for services performed as a lobbyist in April last, came up for trial in the superior court yesterday. Counsel for Taylor stated in court that he proposed to show that the combination of senators had divided \$100,000 among its members.

Negro Hanged to a Tree.

NEW ORLEANS, July 21.—The Times-Democrat's Arkansas City special says: John Farmer, the negro who was charged with having assassinated Dr. C. C. Buckner, near Dermott, Wednesday night, and who has been bound over to await the action of the grand jury, was taken from the calaboose by an armed mob and hanged to a tree.

Anxiety for a Steamer.

NEW YORK, July 21.—Anxiety is manifested as to the nonarrival of the steamer Endremion, which is overdue. She was sighted on July 13, with her crank pin broken, but declined proffered assistance. Tugs are down the bay to assist her as soon as she is sighted.

Death of a Well Known Farmer.

LAFORTE, Ind., July 21.—Fred Greer died yesterday morning of injuries received from being run over by a load of wheat, he accidentally falling under the wheels. One of them passed over his head. He was an old settler and well respected farmer.

In every State where the secret ballot has been tried the Democrats have profited by the change, says an exchange. Keep one eye on Ohio next fall.

BARRY South has gone over to the People's party. Barry has no doubt become disgusted with the Democracy because it would never give him an office.

In 1850 Mason County polled 1,380 for the present Constitution and 233 against it. The sentiment in favor of the proposed new Constitution seems to be as strong and you can expect a big majority for it Aug. 3rd.

The Farmers' Home Journal is authority for the statement that J. G. Blair, of Nicholas County, declines to make the race as the People's party nominee for Clerk of the Court of Appeals. Perhaps he doesn't want to be caught in Erwin's company.

SENATOR QUAY needs a rest, that is, he says he does, and he will step down and out of the Chairmanship of the Republican National Executive Committee. The duties of the position are very burdensome, and the G. O. P. oughtn't ask too much of Mr. Quay. It owes a good deal to him already.

So far only two prominent Ohio Democrats have publicly stated that they will not support Campbell. One of these is Judge Yaple, of Cincinnati, and the other is Charles H. Collins, of Hillsboro, an ex-Kentuckian. It is predicted that very few Democrats will be found opposing Campbell when election day arrives.

JENKINS, of the Cincinnati Post, says: "The farmers may be asking Major McKinley, why if millions are to be paid out to reward parties for raising sugar, they should not be rewarded for raising beets?" Statistics show that the sugar-makers will get about \$12,000,000 bounties this year. That feature of the McKinley bill illustrates how the Republicans favor the classes—how they tax the many for the benefit of a few.

"A MAJORITY of 60,000, which we are abundantly able to poll, will be such a prestige of victory in the Presidential election of 1892 as will inspire the Democratic millions of the entire Republic."

This from the State League of Democratic Clubs. The figures are not too high. The Democrats can make their majority 60,000 Aug. 3rd if every one of them does his duty and goes to the polls and votes. Let's all go to work, win a magnificent victory and send glad tidings to the Democrats of other States.

SENATOR PEPPER was closeted with some of the Republican leaders part of his time while here a few days ago. Another thing, Judge Thomas came down from Vanceburg and escorted Mr. Pepper and Mr. Davis to that place in the afternoon. A Republican commenting on these two significant incidents yesterday said his party must be paying the Alliance leaders' expenses to canvass Kentucky. There is no doubt that the Republicans are counting on the Alliance vote to help them out in the present fight. They imagine that because the Alliance revolutionized Republican Kansas it can also revolutionize Democratic Kentucky. Be on your guard, Democrats, and see that a full vote is polled August 3rd.

THE St. Louis Republic says: "The 'American tin-plate' humbug is evidently on the verge of petering out. Not a single factory has yet begun to furnish it for commercial consumption. Mr. Niedringhaus, who admits that he is better prepared for the work than any other American manufacturer, has laid in a year's supply of Welsh tin-plate; and now comes the news direct from the Black Hills that the alleged tin mines in that region are frauds and that the Harney Peak vein, which was reported as eighty feet wide and increasing in richness as it went down, has been completely lost. We challenge Mr. Niedringhaus or any other member of the combine to take down a map of the United States and locate the spot where either a tin mine or an American tin-plate factory is located."

A Great Object-Lesson.

"The American people have had three months of free sugar," says the President's home organ, "and they have revelled in it; the result has been a great increase in the consumption of sugar and a corresponding increase to the comfort of the people."

It has come to pass that pretty much all the boasting of the friends of the McKinley bill is now confined to the removal of the tax on sugar and to the reciprocity provisions for a freer trade. The hundreds of increased duties—that characteristic feature of the law—they rarely mention.

The people do indeed "revel" in untaxed sugar. And they have not failed to observe that the reduction in price corresponds very closely to the reduction in the duty. Even the dullest have learned that the tariff was a tax.

The people would also be glad to "revel" in untaxed clothing, food, fuel and shelter. Reasoning from free sugar they learn that untaxing necessities cheapens them and leads to increased consumption and "a corresponding increase to the comfort of the people."

"Three months of free sugar" have proved a valuable object-lesson in the campaign of education.—New York World.

PENSIONS IN KENTUCKY.

A Few Statistics From the Office of Agent Walton.

"Pension Agent Walton has completed his voluminous report of the business of his office for the month of June, the last month of the fiscal year, and in a week or so will be ready with his annual report," says the Lexington Leader. "The monthly statement shows that the 19,688 pensioners in this State drew from the offices of the Government in June the sum of \$778,618.21, an average of about \$40 each. The exact classification is as follows:

11,163 invalids civil war.....	\$415,551 97
3,341 invalids, act of June 27, 1890.....	155,992 96
731 survivors war of 1812.....	219 00
731 survivors Mexican war.....	18,435 87
2,321 widows civil war.....	106,440 10
291 widows, act of June 27, 1890.....	15,570 19
124 minors civil war.....	26,906 39
1,033 dependent relatives.....	39,182 30
291 dependent relatives, act of June 27.....	3,374 00
244 widows war of 1812.....	8,808 00

"In addition to this there are fourteen pensioners under old acts, one of whom is the widow of a Revolutionary soldier. The list of pensioners is increasing day by day, and several new cases are added every week. The same rate of increase extends all over the country."

An inventory and appraisal of the personal estate of Henrietta Miesner, deceased, was filed and ordered recorded.

A report of the estate of Robert Lee Downing and Elmer C. Downing was filed by P. L. Parker, their guardian.

James A. Curtis, guardian of Lillie L. Williamson, filed a report of the estate of said ward.

George Cobb resigned as overseer of roads in district No. 1, voting precinct No. 1. John Stewart was appointed in his stead.

The last will of W. T. Dye was fully proven and admitted to record. Luke Dye was, by request of the widow, appointed administrator with the will annexed, and qualified with J. D. Dye surety. Appraisers: R. M. Marshall, J. S. Bratton and John Collins.

A Maysvillian's Success at Mobile.

Said the Louisville Commercial Saturday: "Secretary George B. Thomas, of the Mobile Commercial Club, who has been here with the memorial to the Postmaster General to extend the subsidy benefits to a Mobile-South American steamship line, is one of the dizziest and nerviest boomers that has struck town since Wichita wore knee breeches and Pineville was being trotted on Governor Givens' knee. Secretary Thomas wants it distinctly understood that he is 'not in this thing for his health' and succeeds admirably in making himself understood. He gave it to the Board of Trade people unofficially about as follows: 'Say, I struck Mobile five years ago without a red and I've hit it for \$80,000 of the cold. Say, don't you see I'm the second largest stockholder in the biggest bank in the town, and they wanted me to run the bank, but I said 'nixey.' I'd rather be Secretary of the Commercial Club at \$75 a month. Say, do you follow my play? You see, I own an acre and a half in the center of the town, and 1,008 acres on the outskirts, besides an option on 500 acres more, and every time I hit one for Mobile, I hit one for yours truly. See? Our own Secretary Adkins is not in it when Secretary Thomas is dealing.'"

Mr. Clark, to the Public.

I wish to say to my friends and the public, that I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the best preparation in use for Colic and Diarrhoea. It is the finest selling medicine I ever handled, because it always gives satisfaction. O. H. CLARK, Orangeville, Texas.

Kentucky Weather and Crops.

Following is the weekly crop bulletin of the Kentucky State Weather Service, in co-operation with the United States Weather Bureau, for the week ending July 17: "The weather conditions of the past week have not, as a rule, been so favorable to growing crops as those of the preceding one. Both temperature and precipitation were considerably less than the normal, while the amount of sunshine received was about the average. While generally speaking, all crops look well, they will soon suffer unless rain falls. This is particularly true of corn and tobacco, which are already beginning to feel the need of it. Barring this fact, the outlook for both of these crops could not be more favorable, and with abundant rains very soon, it is safe to predict excellent yields for both of them. Continued reports are received of the failure of the oat crop, and it now appears that there is hardly a district in the State where it will equal the average, and in many sections is a total failure. Hay is reported to be a fine crop. Fruits and gardens are in fine condition, though the latter need rain. Wheat is now mostly threshed, and the yield is reported to be very fine, both as to quantity and quality."

The above was sent out by the bureau before it could receive reports as to Saturday's heavy rain. In this section crops are not suffering. There are excellent prospects for a fine corn and tobacco crop.

Misrepresenting Senator Carlisle.

Says the Covington Commonwealth: "The alleged interview with Senator Carlisle published in Saturday's Commercial Gazette, purporting to have been had in New York on Friday evening, July 17th, is purely and absolutely false. Senator Carlisle was in Covington on that day, leaving for New York in the evening. And the sentiments attributed in that interview to him as to the new Constitution and the Farmers' Alliance were never expressed and are not held by him."

The statement of the State National Bank published in this issue makes a splendid showing. Its loans and discounts are over \$550,000, and it has \$372,783.99 individual deposits. Its surplus and capital amount to \$300,000 and it has undivided profits of over \$10,000.

The Sardinis and Murphysville fourth and last quarterly meeting for the present conference year will be held at Murphysville M. E. Church next Saturday and Sunday. Business of importance will be transacted.

The Farmers' Alliance of this Congressional district will hold a meeting in Maysville August 21st and 22nd.

Polk Johnson's Place in Art.

[Frankfort Capital.]

Major Henry T. Stanton, of this city, has recently developed much talent as an amateur artist in water colors. While displaying one of his recent attempts in that line, a friend facetiously inquired, as he observed a clump of trees in the picture: "What is that, Henry? a wind-mill?" "No, indeed," was the prompt reply, "if I had wanted to put in a wind-mill I should have painted your portrait."

"The glowing Ruby should adorn Those who in warm July are born, Thus will they be exempt and free From love's doubts and anxiety."

Epicurean Morsels.

Stewed rhubarb is once more a favorite breakfast dish.

Peanuts now stand on as high a plane as almonds for dinner purposes.

Boiled sections of marrow bones are delicacies of the highest order.

Eggs poached in gravy and served on toast make a choice breakfast dish.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Louisville Tobacco Market

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse. Sales on our market for the week just closed amount to 2,323 hds., with receipts for the same period of 2,003 hds. Sales on our market since January 1st amount to \$9,868 hds. Sales of the crop of 1890 on our market up to this date 60,311 hds. Toward the close of the week our market showed increased activity with an advance in prices on medium to good grades of fillers and cutters; quite a number of hogheads were sold during the week at prices ranging from \$20 to \$23 per 100. The following quotations fairly represent our market for new burley tobacco: Trash (dark) or damaged tobacco.....\$ 2 00@3 50 Colony trash.....4 00@8 00 Common lugs, not colony.....3 50@5 50 Colony lugs.....5 00@12 00 Common leaf.....5 00@8 00 Medium to good leaf.....8 50@14 00 Good to fine fillers.....14 00@22 00 Select wrapery tobacco.....22 00@30 00

Weekly Review of Cincinnati Tobacco Market.

The offerings at auction for the week just closed were 2,158 hds., classified as follows: 699 hds. Mason County (Ky.); District 423 hds. Henderson County (Ky.); District 240 hds. Owen County (Ky.); District 253 hds. Blue Grass (Ky.); District 479 hds. Brown County (Ohio); District 3 hds. Indiana and 2 hds. West Virginia; against 1,530 hds. sold last week and 1,673 hds. corresponding week last year.

Total offerings for the year to date 65,497 hds., against 62,711 hds. same time last year.

Receipts for the week.....2,158 hds. Receipts same week last year.....1,532 hds. The offerings were large and receipts much heavier than during the previous week, and there is an increase in stock of 903 hds. The week's business opened with fair-sized breaks and a generally better feeling was shown than during previous week, buyers giving the sales closer attention and a firm, steady market prevailed. Wednesday the offerings were heavy and a continued good, active market was shown. Good and fine leaf was in active demand, this kind being sought after and taken readily at full prices. Medium leaf and colony trash and lugs were active and brought full figures. Common trash and lugs showed a fairly good demand and sold very well. Common nondescript received but little attention. Thursday and Friday there was a generally easier tone and a dull, spiritless market prevailed, especially for medium and common and low grades. The better grades were also easy and prices not as firm as on the two preceding days.

Of the 2,158 hds. 348 hds. sold from \$1 to \$3.35, 416 hds. from \$3.35 to \$5.35, 442 hds. from \$5.35 to \$7.35, 237 hds. from \$7.35 to \$9.35, 349 hds. from \$9.35 to \$14.75, 289 hds. from \$15 to \$19.75 and 6 hds. at \$25, \$25.25, \$25.75, \$28.50, \$29.25, \$29.75.

MILLIONS IN IT.

Maysville and Mason County People Interested in a Big Estate in New York.

The Property Valued at \$100,000,000. Names of the Heirs in This Section.

A special in the Cincinnati Enquirer of Monday, sent from West Point, Miss., says: "A suit involving property worth over \$100,000,000 will shortly be filed in the courts of New York City, and Colonel H. Clay King, of Memphis, and Mr. T. C. King, his brother, are deeply interested in it.

"It will also be of great interest to a large number of people in Tennessee, Mississippi, Arkansas and Texas, relatives of these gentlemen.

"The suit is for the recovery of property leased to the city of New York ninety-nine years ago. The lease has just expired.

"Ninety-nine years ago Robert Edwards, at that time a large real estate owner in the city of New York, leased to the city, for the term of ninety-nine years, a considerable amount of real estate, on which Broadway and several adjacent streets for some distance are now located, the lease specifying that at the end of the lease the property, with all its improvements, should revert to his heirs. He died a bachelor, leaving an only brother as his heir. That brother died, leaving one child, a daughter, as his heir. That daughter married the grandfather of Colonel H. Clay King, and, as a matter of course, her descendants are the heirs to that property. The King family have in their possession all the documents necessary to prove a clear title to the property in question, and as the lease has just expired, suit is to be commenced at once to recover possession of the property.

"Mr. T. C. King, has mailed to Mr. McLeary, the attorney for the heirs, his power of attorney, and as soon as a power of attorney can be obtained from all the known descendants of the Edwards family suit will be instituted. Mr. McLeary has associated with him another prominent attorney, and they are so confident that the case can be pushed to a successful issue for their clients that they have agreed to bear all the costs of the case for a certain per cent. of what they get for the heirs.

"The whole number of the heirs is now not known, but even if there were 1,000 of them it would still mean a magnificent fortune for all concerned. Mr. King's many friends are more than pleased to hear of his prospective good fortune, and he is somewhat elevated over it himself."

Quite a number of Maysville and Mason County people are interested in this immense fortune and will come in for a portion of it, if the suit to recover it proves successful. Among the descendants of the Edwards referred to are: Mrs. J. D. Bruer, Mrs. W. N. Howe, Mr. H. M. King, Mr. Omar Dodson, Mr. Richard Dodson, Mrs. Robert Adair, Mr. J. H. Rains and Mr. John M. Rains, of this city, and Mrs. W. H. Roe, Mrs. E. C. Bullock, Mrs. Betsy Curtis and Mrs. Nannie Curtis, of this county.

Miss Jennie Edwards, formerly of this city, but now living in Jessamine County, is also one of the heirs.

At a meeting of the Official Board of the M. E. Church last evening, thirty probationers were recommended to be received into full membership next Sunday morning. About forty persons have united with the church during the present conference year.

MR. N. S. WOOD, of St. Louis, who is visiting his parents, Mr. and Mrs. D. Wood, of Forest avenue, is a member of the Interstate Investment Company, recently incorporated at the former place. Mr. Sam. Roser, another ex-Maysvillian, is also a member of the company. The capital is \$12,000, one half of which is paid in. The company is buying and selling real estate.

THE annual excursion of the Chesapeake and Ohio railway to Old Point Comfort, Tuesday, July 28, 1891, at \$12.50 round trip from Cincinnati, good returning August 15th, is the ideal trip of the season. There is no other road that offers the varied scenery and no other point which can lay claim to same advantages. Call on your nearest ticket agent or address H. W. Fuller, Cincinnati.

CAPTAIN JOHN MYERS, conductor on the Maysville branch of the Kentucky Central, says he would rather run a week ordinarily than on Sunday during camp meeting at Parks Hill. He says last year he collected more than 800 tickets from the camp ground to Maysville and did not get through the car the second time. He says a county fair is not a circumstance to a camp meeting.—Lexington Transcript.

HERE AND THERE.

Miss Mae Luttrell is visiting Mrs. J. Barbour Russell.

Mr. and Mrs. B. W. Goodman left Saturday to spend a few weeks at Esculapia.

Miss Mamie Lee Wood will visit her aunt, Mrs. Mattie Mannen, of Covington this week.

Mrs. Edward Elston and daughter, Miss Mamie, of Bellevue, are visiting friends in Chester.

Rev. Amon Boring, Presiding Elder of this district, M. E. Church, was in town this morning.

Mrs. R. P. McClain and Miss Jennie Mackenzie, of Lebanon, Tenn., are guests of Mr. and Mrs. Geo. W. Sulser at their pleasant suburban home, "Camina Vista."

Mr. A. F. Thomas, after a very pleasant sojourn at Esculapia Springs, has returned, much improved. He reports two hundred people there last Sunday.

Mrs. C. S. Lucas arrived home yesterday afternoon from Roanoke, Va., where she was called several days ago by the illness of her father. There has been no very marked improvement in his condition.

RIVER NEWS.

The sand-bars are again showing up and are growing larger daily.

The Chancellor for Portsmouth, Carrollton for Pomeroy and Batchelor for Pittsburg will pass up to-night. Down: Big Sandy.

Owing to the new law requiring all engineers of stationary engines in Cincinnati to have a license, a great dearth of engineers prevails in marine circles, says an exchange. It is estimated that there are over three hundred marine engineers at work in Cincinnati. The wages on the river have increased over seventy per cent. during the last month.

The Portsmouth Blade says: "When the U. S. Supervisor visited one of our local steamers that runs into Cincinnati last week, he discovered several weights on the safety valve. The engineers forfeited their licenses, and the owners of the boat were heavily fined. This promised considerable of a sensation in marine circles, but the culprits came up with their money, being glad to get off as easily as they did."

THE TURF.

Limestone Stock Farm's Pearl Medium, 2:26, has been bred to Allerton, 2:13.

The Breeder and Sportsman recalls "the names of twenty-five trotting horses that within the past thirty years have been sold for the enormous total of \$898,000.

Electioneer has already assumed a commanding lead over all sires of 2:30 and 2:20 trotters. With eleven additions to his roll already in 1891, the dead hero of Palo Alto is assured of his place at the head of the list for years to come. We have not any doubt that he will be the first horse to enroll one hundred of his progeny in the 2:30 list. Next to Electioneer thus far in 1891 comes Pilot Medium, the great son of Happy Medium and old Tackey. This phenomenal sire is winning his way steadily, honestly and well. He has six new ones in the list this season, and Walter Clark can look to his great horse's future with brilliant and confident hope.—The Horseman.

FOR THE FARMER.

Kentucky has an average good wheat crop, saved in fine condition. Tobacco is doing well, and corn was never more promising.—Exchange.

The Winchester Democrat reports that Stuart Taylor and others sold last week 10,000 bushels of wheat at eighty-five cents to Brent Bros., of Paris.

A fine shipment of cattle was made from Danville Saturday for the export trade. There were 260 head, in three lots, averaging 1,590 pounds, 1,603 pounds and 1,680 pounds per head, bringing their owners the sum total of \$23,000. The purchasers were Lehman Bros., of Baltimore.

RAILWAY NEWS.

According to the statistics compiled for the Inter-State Commerce Commission, there are 30,000 locomotives in the United States which cost about \$300,000,000, and would, coupled together, make a train about 300 miles long.

In the past twelve years the railroad mileage of the United States has increased almost 100 per cent. On the 1st of the present month there were 169,000 miles of railroad in the United States, and by January 1 next 172,000 miles will be about the figure.

The threshing machine owners of Scott County have combined, and, of course, the farmers are getting the worst of it, and are kicking because they have to pay 10 cents a bushel for having their wheat threshed.

RUSSIA SUSPICIOUS.

The Czar Fearing an Invasion of Foreign Troops.

FORTIFYING HER FRONTIER.

The Boundary Line Between Russia and Austria Being Occupied by More Russian Soldiers Than Actually Necessary. Other News from Abroad.

LONDON, July 21.—Vienna dispatches state that the government is informed of fresh arrivals of Russian troops on the Galician border in numbers far beyond the ordinary requirements of frontier duty. It is also reported that the Russian fortifications have been greatly strengthened and equipped with guns of heavier calibre than those hitherto mounted.

It is presumed that the pretext for this extraordinary military precaution was furnished by Austria in augmenting the military force on the same frontier with a view of preventing an invasion of Russian Jews. If this be the case the St. Petersburg government has been remarkably quick to take advantage of a precautionary measure, made necessary by the effect of its own decree, to concentrate a military force on the border of a friendly country entirely out of proportion to its needs in time of peace.

An Encounter in South Africa.

PARIS, July 21.—The government is informed of a serious encounter which recently took place in South Africa between a party of Frenchmen and a large body of natives. Several Frenchmen having been killed by the blacks, a French expedition fifty strong, started from Lahn, on the Gold coast, to avenge their death. After a week's march through tropical forests, they encountered an army of 1,200 warriors, armed with European rifles, at the village of Jousse. The natives were led by three Fetic men. A fight ensued which lasted four hours. All three of the Fetic men were killed and a large number of blacks were killed and wounded when the natives retreated. The French party lost two killed and twelve wounded.

Fair Delegates Entertained.

LONDON, July 21.—The council of the Society of Arts yesterday gave a reception to the world's fair delegates from the United States. After luncheon Sir Richard Webster proposed a toast to the health and success of the American commissioners and expressed hope that the fair would be a great success. Mr. Butterworth responded, thanking the society for the warmth of the reception of himself and associates.

Railway Strikers in Paris.

PARIS, July 21.—A crowd of railway strikers stopped and took possession of a steam train car last night and were about to demolish it, when the gendarmes appeared and wrested the car from its captors. Several of the strikers were arrested.

A meeting of the railway employees' union was held last night and it was decided to resume work.

Marriage Postpones an Execution.
PARIS, July 21.—A great crowd gathered in LaRoquette prison yesterday morning to witness the execution of the murderer Berland and her accomplice, Dore. The would-be spectators were disappointed, however, as the execution was postponed on account of the marriage of Executioner Deebler's son and assistant to the daughter of a provincial executioner.

It May Not Be Ratified.

PARIS, July 21.—The senate must ratify the bill removing the restrictions upon the importation of American pork before it can become law. Owing to the political crisis at present existing it is feared that the ratification of the bill will not be accomplished without difficulty.

Natalie Sues the Ex-King.

PARIS, July 21.—Ex-Queen Natalie, of Serbia, has brought a suit against Ex-King Milan in the Paris courts, to recover the sum of 3,000,000 francs, being a portion of her personal fortune which her dissolute husband squandered.

Dom Pedro Seriously Ill.

PARIS, July 21.—Dom Pedro, ex-Emperor of Brazil, is seriously ill at Vichy. He recently met with an accident which injured one of his feet and gangrene has supervened.

CONTRACTOR MURDERED.

Shot to Death Because Supplies Failed to Arrive.

BRADFORD, Fla., July 21.—Passengers arriving here on the steamer Belle of Shawnee report a cowardly murder committed near Munda's point, on the Gulf of Mexico, not far from the mouth of Suwanee river. W. H. Braden, a contractor, has a camp on the forest back of the point, he being engaged with a gang of men in getting out telegraph poles. Of late the camp has been short of provisions and there has been dissatisfaction among the men on that account.

The steamer should have brought down some provisions on Friday but failed to do so, and one of the men named Higgenbotham went to Braden yesterday morning and told him he had come to get rations or kill him. Braden told him the rations had not come. Higgenbotham then told Braden to get his gun, for he was going to kill him and fired, hitting Braden's breast with buckshot. Higgenbotham immediately walked off and has not yet been arrested. Braden died almost instantly.

Miner Instantly Killed.

CUMBERLAND, Md., July 21.—Yesterday a miner named John Burkett, while at work, was instantly killed by a fall of coal in the Piedmont and Cumberland Coal company's mines at Franklin. He leaves a wife and six children.

British Steamer Wrecked.

QUEBEC, July 21.—The British steamer Circe is reported as ashore near Southwest point, and that most of her crew have landed. The vessel lies in a bad position. The Circe left Glasgow July 11 for Montreal.

ESCAPED FROM JAIL.

Mystery Surrounding the Sudden Disappearance of a Cincinnati Prisoner.

CINCINNATI, July 21.—Jim Anderson, alias Morgan, the widely notorious burglar who figured prominently in the desperate shooting affair with the police last February on Price Hill when he was captured, has escaped from the county jail. He broke jail some time Sunday night. Anderson, it will be remembered, was shot in the hip and crippled for life at the time of his arrest and was at first committed to the city hospital. On the 6th of May his condition was such as to warrant his removal to the jail to await the grand jury.

His trial here was fixed for last Friday, but on that day he did not plead on account of the absence of his attorney. The pleading was set for to-day. It seems, however, that Jim has a different plan in view, and unless officers are unexpectedly successful he will not be apt to keep the appointment.

He must be a magician if Jailer Houser's theory of his escape is the correct one, for in order to execute his plan he had to pass through three heavily locked iron gates and scale a wall twenty feet high. The jailer is completely mystified over his escape, as all three of the doors were standing wide open when the escape was discovered yesterday morning.

CHURCH CASE DECIDED.

Liberals in the United Brethren Faith Successful in a Lawsuit.

DAYTON, O., July 21.—The celebrated church case in which the "seceders" in the United Brethren church sought to wrest the church property in the United States and the publishing house in this city from the "Liberals," or present possessors, was decided in the circuit court here yesterday.

The suit involved \$5,100,000 throughout the United States and \$300,000 in the publishing house here. The "seceders" left the church because they claimed the "Liberals" had no right to revise the church constitution nor to change the confession of faith. The decision is a victory for the "Liberals."

VILLAGE SWEEP BY FIRE.

Of Sawyerville, Mich., Nothing is Left. Loss \$250,000.

GRAND RAPIDS, Mich., July 21.—About 1 o'clock Saturday night the village of Sawyerville consisting of thirty houses, one general store and sawmill and lumber yard, covering two acres of pine lumber was totally destroyed by fire. The property is owned by the Citter & Savage Lumber company. The telephone wires run through the lumber yard, and are destroyed, rendering communication impossible. The loss is about \$250,000. The mill employed 150 men who are rendered homeless, and lose, in some cases, their entire household effects.

Tried to Break Up the Meeting.

NEFSHO, Mo., July 21.—While a holiness meeting was in progress at Tiff City, McDonald county, Sunday, some roughs undertook to break it up. The marshal ordered them to be quiet, but was set upon by the roughs and knocked down with a club. The justice of the peace then deputized a young man named Hopkins to make arrests, and he and several parties undertook to do so. The roughs resisted the officers with clubs and rocks, whereupon Hopkins fired upon them, killing John Cook and seriously injuring another of the rioters.

English Tourists Drowned.

VICTORIA, B. C., July 21.—A pleasure yacht containing six English tourists capsized yesterday and all were drowned except Edward Much, who was lashed to the mast of the upturned yacht. He is now on board of the steamer Marion, and is not expected to recover. The names of the tourists are: J. H. Edwards and two sons, William Morrison, Edward Mutch and Gus McGuinness.

An Afflicted Family.

ASHLAND, Ky., July 21.—At 8 o'clock last night, Samuel Stephenson, 20, a merchant, was drowned while bathing with his brother. His father was killed by falling from the roof of a church, May 9. The body was recovered at 9 last night. The brother is now out of his mind.

McAniff Puts Up His Money.

NEW YORK, July 21.—Austin Gibbons, accompanied by a score of New Jersey sporting men, went to The Police Gazette office yesterday to meet Jack McAniff and arrange for the lightweight championship. McAniff did not show up until the others had departed. After waiting an hour, Jack deposited \$500 as a guarantee of his intentions, and it is likely that Gibbons will cover it tomorrow.

Head of a Tobacco Firm Dead.

PHILADELPHIA, July 21.—Marcellus E. McDowell, head of the Durham Tobacco company, died yesterday at his country place, "Marcella," in Germantown, of Bright's disease. Mr. McDowell, who was 54 years of age, has been ill for two months. The firm have branches in New York, Chicago, St. Louis and San Francisco, and also have agencies in Europe.

Commodore Harrison's Daughter Dead.
JEFFERSONVILLE, Ind., July 21.—Mrs. Marion, wife of Captain Addison Barrett, military storekeeper of the United States depot, this city, died yesterday of peritonitis. She was aged 45 and was the daughter of the late Commodore Harrison, U. S. N.

Kansas City Bank Fails.

KANSAS CITY, Kan., July 21.—The Central Bank of Kansas, of this place, closed its doors yesterday. The liabilities are small, being but \$100,000. This is the second failure of a bank in this town within a week.

Successful American Artists.

BERLIN, July 21.—The committee of the Berlin exhibition of arts yesterday awarded the great gold medal to each of the American painters, Forbes, Stanhope, Shannon and McEwen, and the American architect, Waterhouse. The small gold medal was awarded to the American painters, Stewart, Story and Bridgman, and the English artists, Pettie and Stone.
